# KOALA KARE SANITARY BED LINERS

## KB150-99 SANITARY BED LINERS

### UNIT DIMENSIONS:

Length 18" (457 mm) x Width 13" (330 mm)

Fits all Koala Baby Changing Station designs, each with a built-in liner dispenser.

### FEATURES

- 500 liners per case.
- Absorbent 3 ply biodegradable paper.
- Liner is 100% recyclable.
- Liner is manufactured with 50% recycled material.
- Moisture resistant quilted design.

Parents with children under 6 years old state that the leading cause of dissatisfaction with baby changing stations is the lack of availability of bed liners.

Source: Research Abstract: Parental Attitudes Towards Family Friendly Establishments. Koala Kare Products. April 2006.

## USAGE INSTRUCTIONS

To insert sanitary bed liners, open liner dispenser lid as pictured above. With the fold down, insert up to 15 liners into the dispenser unit.

To start feed of the sanitary bed liners for use, grasp liner and gently pull down.

Liner serves as a disposable barrier between the bed and child.
